
Alo Mist

Ingredients:

Aloe Vera, Glycerin, Goldenzone and Silverzone and natural fragrance blended with dissolved macro and trace minerals.

Product Information:

Alo Mist is formulated for external use only. It has shown promise in the treatment of minor burns, acne, sunburn and other skin conditions.

Some of our product users have recommended **Alo Mist** as a make up foundation, and as an all over moisturizer instead of lotions. Some have suggested that it may be used as an after shave lotion and an under arm deodorant.

Product Testaments:

"When I was about 17, I started breaking out with this bad rash that spread all the way down my legs. I discovered that it was eczema. I tried just about every thing to get rid of it. Then I found **Alo Mist**. I used it three times a day and the rash disappeared and hasn't come back since." A. M.

~ *Gifts of Nature* ~

Altazone

Ingredients:

Aloe Vera, Cedar Berries, Dandelion, Marshmallow, Oregon Grape and Oat Straw with dissolved macro and trace minerals.

Product Information:

Scientists have identified some seventy-five compounds in *Aloe Vera* that nourish, strengthen, and promote wellness in the body. These elements include enzymes, proteins, vitamins, and minerals. Studies suggest that *Aloe Vera* may be effective for the treatment of most digestive and intestinal problems, including ulcers and inflammatory bowels.

It is well documented that *Dandelion* contains many vitamins and minerals. It has been effectively used for improving the function of the kidneys, digestive, and joint ailments. Reports show that it may relieve distress of the prostate, endometriosis, and maladies of the breast. It has been shown to reduce cholesterol and lower blood pressure.

Marshmallow has a long history of use as a food and a botanical medicine. Scientists recommend it as a treatment for symptoms of colds and bronchitis, as well as intestinal and urinary tract disorders.

Cedar Berries are known to have antiviral qualities. Their use may increase blood circulation. They also act as a lymphatic cleanser, stimulate the immune system, and relieve stress of the prostate.

Oregon Grape is known to act as a blood purifier and cleanser for the liver. It may also be effective in the treatment of kidney, urinary and uterine maladies. It is also a useful tonic for all the glands of the body.

Oat Straw is reported to contain vegetal silica, which provides calcium for the body. *Oat Straw* is an aid to the body in the conversion of nutrients into calcium suitable for use by the body.

Aryze

Ingredients:

Alfalfa, Red Clover, Skullcap and Oat Straw with dissolved macro and trace minerals.

Product Information:

Aryze is a highly nutritious antioxidant designed to build the body's immune system. It also provides nourishment and strengthening agents for the skeletal system, body muscles, ligaments and joints.

This product is highly regarded by individuals who are trying to build a strong muscle mass. Long distance runners and bicyclists combine this product with the **Oxyzone**, another of our fine products, and report noteworthy benefits to their physical performance. These benefits include increased stamina during exercise and accelerated recovery after exercise. The product has been effective as a prenatal vitamin and mineral supplement containing folic acid. Some women have reported that its use has offered relief from morning sickness.

Alfalfa is the most widely used herb for the treatment of arthritis. There are numerous research papers stating that *Alfalfa* contains every known vitamin and many of the needed minerals. It is also high in protein, enzymes, amino acids and calcium.

Studies suggest that the combination of *Red Clover* and *Skullcap* creates a natural pain reliever. They are known to relieve the pain of arthritis, osteoporosis, and sprained and pulled muscles. They are known to be effective in promoting a more rapid mending of broken bones.

Oat Straw is reported to contain vegetal silica, an excellent source of calcium for the body. In addition, *Oat Straw* aids the body in the conversion of nutrients into calcium that the body can utilize.

Product Testaments:

"I tripped and fell and shattered my leg. My only method of mobility was a wheelchair when we moved to Utah the following September. The medications the doctor gave me for osteoporosis made me very sick to my stomach. I had heard many testimonials of the products from *Gifts of Nature* and the fantastic results people with

Aryze Continued...

bone problems had experienced after taking these products and decided I would give it A try. A year later, the results are in, and a density scan proved that my bones are stronger that they were a year ago. I was so elated! I had taken nothing except these products, and no extra calcium, no extra vitamins or minerals and my bones were stronger. I was so exited I had a hard time sleeping the first night after we received the report. But that is not all, when you have a balanced product that contains every nutrient that your body needs and which builds right down to the cellular level, not only the bones are rejuvenated but also the whole body is renewed. The polymyalgia I have been fighting for the past 12 years is no longer a problem. I am not tired all the time. I don't have those awful pains jumping from one place to another. I feel better. I think more clearly. Function with less and less pain and life holds exciting opportunities that I was afraid I would never experience again. So, can you blame me for wanting to shout the good news to the entire world?" J.R.

"Some time ago I had developed an abscessed tooth and was in terrific pain. My dentist (my nephew) was alarmed at the x-ray that revealed much deterioration of my upper jawbone and suggested that it may be osteoporosis. When I asked the doctor what I could do, he looked at me with surprise and knowing my many years of studying natural remedies he said "Gee Aunt Renae, you'd know how to do that better than I would." Well, I was praying, and along came *Gifts of Nature*. I was faithful to my **Aryze**. By the time I went back four months later, the dentist was so excited saying, "Look Aunt Renae. I have to show you this!" We compared the 2 x-rays and marveled at the vast improvement of to the bone structure regrowth. He said he'd never seen anything like that and so quickly too! I know that the Lord answered my prayers."

B P Balance

Ingredients:

Blessed Thistle, Burdock Root, Celery Seed, Mullen and Skullcap with dissolved macro and trace minerals.

Product Information:

B P Balance is formulated to assist in the purification of the blood. It may be an aid in the regulation of blood circulation and blood pressure. It also works to strengthen and support the nervous system.

Herbal literature states that both *Blessed Thistle* and *Burdock Root* aid in the purification of the blood. They have been known to stimulate the immune system. They may also be useful agents for strengthening the heart and improving blood circulation.

Studies indicate that *Celery Seed* may reduce blood pressure and relieve muscle spasms. It is a very good antioxidant having a mild sedative effect.

Mullen is known to be beneficial as a sleep aid. It may be effectively used as a supporting and soothing agent to the kidneys.

Skullcap is sometimes referred to as food for the nerves. It offers relief for conditions stemming from nervous system afflictions and debilities.

Product Testament:

"Twenty-seven years ago I was diagnosed with Hypertension. I was put on medication that I had a lot of difficulties with. Then about eight months ago my daughter invited me to go to a *Gifts Of Nature* meeting with her. I knew that one of their products had cured her of a problem she was having so I consented to go with her. During the meeting the company was introducing a new product called **B P Balance** and I received a free sample of it. I was hesitant to use it because I had heard how herbs and medications don't mix well and could make a person very ill. When my annual doctors visit came due, my blood pressure was too high and my doctor suggested another medication. That's when I decided to try the **B P Balance**. After 2 days of using it I went back to the doctor's office to have my blood pressure checked and it was down considerably. The nurse said, "whatever you are doing keep doing it." And that is exactly what I am doing. I haven't been back to a doctor since October 2001. I can't thank *Gifts of Nature* enough. It has been an answer to my prayers. I immediately lost nine pounds (water retention), I don't have the foggy and confused feeling in my head, and I sleep better at night and have much more energy. I feel like I am in my 30's again. I have been off blood pressure medication for nearly 6 months. My blood pressure is stable and stays around 140/68-70. I feel such a peace of mind that my body is getting the required minerals and vitamins that it needs and that the product is an all natural product that will not harm my body. E.C.

Classic 7

Ingredients:

Classic 7 is a unique nutritional product. It is a combination of seven natural ingredients that provides a superior source of important antioxidants. They are Grape Seed, Grape Skin, Ester C, Wild Yam, Alfalfa, Peppermint and Aloe Vera.

Product Information:

Studies by numerous research centers and universities have indicated that *Grape Seed*, *Grape Skin extracts*, and *Aloe Vera* all contain nutrients that strengthen the cardiovascular system and help the body fight disease.

Ester C has long been recognized as a powerful antioxidant. It is the most bio-available form of vitamin C known today. Vitamin C is recognized as a contributing factor in maintaining the health of over 300 different body functions, one of which is the health of the white blood cells.

Wild Yam has been shown to be an important substance from which the body manufactures DHEA. DHEA is a hormone produced by the adrenal gland, and is said to improve the quality of life and may postpone some of the unpleasant effects of aging. *Wild Yam* has been referred to as the mother of hormones because so many other hormones are produced from it.

Alfalfa is the most widely used herb for the treatment of arthritis. There are numerous documents stating that alfalfa contains every known vitamin and many of the body's needed minerals. It is also high in protein, enzymes, amino acids and calcium. *Alfalfa* may also act as a diuretic. It may lower cholesterol, balance hormones, and promote healthy pituitary gland functions.

Peppermint is recognized for its ability to enhance digestion. It is generally soothing and comforting to the body and helps carry oxygen throughout the body.

Product testimonials assert that **Classic 7** relieves the symptoms of PMS, whether from pre-menstrual or post menstrual syndrome and that it offers relief from associated hot flashes. It is known to relieve the symptoms of depression while creating a feeling of well-being. Other users have stated that **Classic 7** works well as a bowel cleanser and regulator. When using **Classic 7**, some users report incidents of loose bowel elimination. **Buffered Classic 7** was developed to offer relief from this occasional side effect in persons who are sensitive to one of the nutrients in *Aloe Vera* contained in regular **Classic 7**.

Continued on next page...

Classic 7 continued...

Classic 7 has been hospital tested and has been proven to reduce cholesterol. It also balanced the triglycerides and increased the good cholesterol. The doctors who supervised the testing said it might also reduce the risk of stroke and heart attack.

Product Testament:

"Thanks for the fine product of **Classic 7**. So far it is the only one I have used. After about one month on it I had my cholesterol checked again and the healthy cholesterol raised 12 points and the unhealthy cholesterol dropped about 42 points so I was very pleased with the results of the **Classic 7**." CH

"just wanted to let you know how much **Classic 7** has helped me. I had been feeling sick. After many tests the doctors could not pin point anything. The tests showed something wrong with the auto immune system, but they didn't know what they wanted to do...more tests. I started taking the **Classic 7** and really started feeling better. I didn't realize how much better until I ran out and went about a week without it. The confusion (not being able to remember the words I wanted to say and etc.) started to come back. The water retention came back. I will plan better so I don't run out again! Thank you, Mrs. Johnson!

Goldenzone

Ingredients:

Gold and Silver electronically suspended with dissolved macro and trace minerals.

Product Information:

The following is a quote by Paracelsus, taken from a book called A Rosecrution Notebook. "Not as people say; let alchemy make Gold and Silver. This is the task: let us make arcana and use it to cure disease."

Paracelsus, a predecessor of modern pharmacists, and one of the greatest known alchemists/chemists, developed medicines from metallic minerals including Gold. He called his liquid Gold, "the elixir of life and a tonic that will give freedom from all disease."

Michael Farady, an English chemist, first produced *Colloidal Gold* in a pure state in 1857. It is believed that Alexandria Egypt was the original location where Gold was first used for medical purposes, although alchemists had used it for centuries.

Gold had strong, unequaled effects on the physical body, in health and sickness. *Colloidal Gold* was commonly used in the treatment of disease in the United States as early as 1885 and as late as 1940 for the treatment of alcoholism, as it appeared to diminish the cravings and desire for alcohol. Additional uses have been found to include the treatment of arthritis, skin ulcers, burns and mental disorders.

Gold does not have the same germicidal/antibiotic action of *Silver*, but it seems to act positively on degenerative conditions. It appears to have a balancing and harmonizing effect on a person's emotional state, particularly with regard to its effect upon unstable mental and emotional conditions such as depression, melancholy, sorrow, fear, despair, anguish, and frustration. Gold has been reported to have a direct effect on the rhythmic and balancing activity of the heart and is reported to help improve blood circulation. Gold has been used in cases of glandular and nervous incardination, helping to rejuvenate the glands, stimulate the nerves and release nervous pressure.

Gold can be used alternately or in conjunction with Silver. Silver seems to calm inflammatory conditions while gold seems to build, regenerate and balance.

Product Testaments:

"Both my husband and 12 year old son have struggled with ADD. After taking **Goldenzone** my son's grades have gone from low C's and D's to A's and B's. We no longer spend hours on homework. He comes home and just gets it done without the prodding and tears. He's a happier kid. My husband can tell a big difference also; staying on task from start to finish is much easier for him. Thank you *Gifts of Nature!*" K.J.

Immuzone

Ingredients:

Cedar Berries, Dandelion, Marshmallow and Oat Straw with dissolved macro & trace minerals.

Product Information:

Immuzone is a nutritional supplement designed especially for people afflicted with autoimmune disorders. ***Immuzone*** is high in nutrition but low in protein and other nutrients, which would cause the immune system to attack itself. Many people have reported relief from arthritic and other bone related problems while using ***Immuzone***.

Cedar Berries are known to be effective in increasing the venous blood flow. They also act as a lymphatic cleanser and a urinary antiseptic.

Dandelion is recognized as a cleanser for the blood and liver. It also tends to increase the production of bile, and is acclaimed to reduce cholesterol and uric acid while improving kidney, spleen, and stomach functions.

Research has claimed that *Marshmallow* acts as a diuretic and expectorant that may support and encourage the normal health of kidney, bladder and intestinal function.

Oat Straw is reported to contain vegetal silica, an excellent source of calcium for the body. In addition, *Oat Straw* aids the body in the conversion of nutrients into calcium that the body can utilize.

Product Testament:

"Thanks *Gifts of Nature* for helping me with the arthritis that has enjoyed itself in my joints the last few years! I feel so blessed to have met Zona and *Gifts of Nature*. The immuzone has really relived a lot of pain in my joints. I'm continuing to battle this beast and have no doubt, that over time, I will win! Thanks again for your help and strength. Jeff

~ *Gifts of Nature* ~

Kalmin

Ingredients:

Gold and Silver electronically suspended with dissolved macro and trace minerals.

Product Information:

Kalmin was designed to help people overcome addictions to alcohol, tobacco and drugs. It is an effective aid for soothing and calming of the nerves. When *Gold* and *Silver* are combined in this way, the Silver will serve to calm the nerves, while the Gold may aid in body regeneration and balance. **Kalmin** also offers relief for sinus and respiratory ailments.

Gold and Silver are known for their ability to fight infection. By combining these two minerals in Kalmin, the potency and effect over a broader spectrum increases. However, there may be times when one or the other of the products will work better in offering relief for a specific condition, especially when combined with **Super Aloe**.

An English Chemist used Gold for medical purposes as early as 1857. Gold was used in the United States as early as 1885 and as late as 1940 for the treatment of alcoholism. It has clearly demonstrated the propensity to diminish the craving and desire for alcohol.

Product Testament:

"I wanted to let you know how my daughter is doing since I talked to Zona five months ago. When my daughter was three months old, we were told that she had asthma and doctors prescribed steroids for therapy. A friend of mine suggested I speak with *Gifts of Nature* about the mineral products you carry. Zona told me to use **Aloe Min** and **Kalmin** for the breathing problem and with in two days our baby was breathing normally. We have been using the products for five months and it is splendid! If I miss a dose, she shows sighs of breathing difficulty, but with using your products we have a healthy comfortable baby, and we as parents have peace of mind." Diana

"For years I had to take a decongestion medicine every night to clear my sinuses enough to just sleep. After taking the **Kalmin** for a while, I no longer have to take the medicine and suffer the side effects. Thank you *Gifts of Nature*! C.G.

~ *Gifts of Nature* ~

Neurozone

Ingredients:

Aloe Vera, Dandelion, Cedar Berries, Marshmallow, Oregon Grape and Oat straw with dissolved macro and trace minerals.

Product Information:

Neurozone is a combination of carefully selected herbs and minerals that together form a product that supports the central nervous system and promotes better mental health. **Neurozone** has helped many people with brain and nervous system maladies.

Mental health depends largely on the blood supply to the brain. Research indicates that *Aloe Vera* is the best herb available to promote blood circulation to the brain because of its high content of germanium. It is also known to promote the growth of new cells and it has antiviral properties.

Cedar Berries, Dandelion and *Oregon Grape* are known to promote good blood circulation. They contain nutrients and properties that strengthen the arteries, cleanse the blood, and reduce cholesterol.

Oat Straw has been documented as having antidepressant properties. It has demonstrated the ability to act as a restorative nerve tonic while providing a positive influence in the relief of insomnia.

Product Testament:

"I appreciate your *Gifts of Nature* products. I have felt so much better since beginning to use **Goldenzone, Neurozone, and Classic 7 over one year ago. My energy has increased. My nerves have calmed and my negative menopause symptoms have decreased. Nine years ago, at age 49, I began having seizures. I do take my prescribed medication, but I can tell your products are helping reduce seizure reoccurrence and intensity. Also my immune system has strengthened. Life is much better. Thank you!"**
G.A.

~ *Gifts of Nature* ~

Oxyzone

Ingredients:

Aloe Vera, Blessed Thistle, Peppermint and Wild Yam with dissolved macro and trace minerals.

Product Information:

Oxyzone is designed to promote increased oxygen levels in the blood. Increased oxygen levels may slow down the process of dementia and perhaps even offer some relief to those suffering from Alzheimer's. Athletes use **Oxyzone** in conjunction with **Aryze**. Together these products provide extra oxygen to the athlete throughout the high stress environment of athletic competition.

Aloe Vera is reported to be high in the mineral germanium, which is known as a carrier of oxygen to the blood. *Aloe Vera* is also known to stimulate the healthy growth of living cells.

Blessed Thistle is known to improve blood circulation, to increase stomach secretions and to improve liver health.

Peppermint is recognized as a carrier of oxygen for the body and may be effective in easing stress on the heart. It assists with the body's digestive functions. It is known to relieve muscular aches and spasms.

Wild Yam relaxes muscle spasms, reduces inflammation and promotes perspiration.

Product Testament:

"I would like to extend my thanks for the products we have been using from your company, **Oxyzone** and **Aryze**. They have made a big difference in the preparation of our athletes. As a professional athlete and coach, I can assure you that health and recovery of athletes is a major part of a winning program. Last season we battled pulled muscles and cramps all year long. I am very pleased to say that this year the only pulled muscles we have had were from new athletes coming in that had not been on your products. Once they were put on these products there were no more problems. We also saw noticeable increases in stamina. I attribute this to higher oxygenation levels and lower levels of lactic acid build up. These statements have been backed up by questioner results. I sincerely believe these products have helped us play for a divisional championship. I will encourage all of my future athletes to take these products to increase their physical performance. Thank you! Coach Rod Thomas, Offensive Coordinator Tri-City Diesel.

~ Gifts of Nature ~

Pancreas Balance

Ingredients:

Aloe Vera, Blessed Thistle, Dandelion, Fenugreek, Peach Leaves and Rhubarb Root with dissolved macro and trace minerals.

Product Information:

Pancreas Balance was created as an aid in promoting a healthy pancreas and to assist the body in maintaining a normal blood sugar level.

Aloe Vera is widely acclaimed for its use as a digestive aid and for its cleansing and soothing effects upon the body. It is known to relieve pain and promote the normal growth of living cells.

Blessed Thistle is a documented blood purifier. It may serve to strengthen the heart and improve blood circulation. It also supports and strengthens liver functions.

Dandelion is known for its ability to assist the liver to detoxify while increasing the production of bile. Researchers claim that it helps the body to reduce cholesterol and improve the functioning of the kidneys, spleen and stomach.

It is suggested that *Fenugreek* may help to expel the body's toxic waste. It is known to provide assistance to the body in dissolving cholesterol and fat deposits. It may also help to remediate water retention.

Herbal research suggests that *Peach Leaves* serve the body as a relaxant, sedative, bowel cleanser and diuretic.

Rhubarb is said to be useful in treating disorders of the colon, spleen and liver. It is also known to promote healing of duodenal ulcers and parasitic infections.

Product Testaments:

"Just a few months ago I was suffering from Dependent Diabetes, forcing me to give myself two shots of insulin every day. I had to test my blood sugar at least 3 times a day, carefully watch what I ate, and endure the constant ups and downs and relentless hurting feet, etc. Then a miracle happened. I was invited to help test a new product from *Gifts of Nature* specially formulated to strengthen the pancreas, called ***Pancreas Balance***. Within a few days I began to experience some strange things going on in my body, especially at night. I wondered if it was because the product might be working. I decided to take a risk and stop taking my evening insulin.

Continued on next page...

Pancreas Balance

Immediately things got better, although I was still experiencing some discomforts. I literally could not stop hoping that maybe it was because something good was happening. My curiosity became so overwhelming that I completely stopped taking insulin, being careful to frequently monitor my blood sugar in case of any of any sudden swing. To my utter amazement, my blood sugar began to stabilize. I began to feel a renewed sense of wellness, much like I remembered before my diabetes. In an effort to contain my excitement, I remained cautious and somewhat skeptical, expecting that all of this might only be temporary. That was more than three months ago, and I have not had to take an insulin shot in all that time. I can't explain what has happened because people that I know and respect tell me that that couldn't happen, but it did. My story is remarkable, but not unique. There are hundreds of others using these products that have healed immune systems, cardiovascular systems, respiratory systems, etc. *Gifts of Nature* products work, and I have no reservations about recommending them to anyone." G.M.

~ *Gifts of Nature* ~

Pulmazone

Ingredients:

Aloe Vera, Cedar Berries, Dandelion, Marshmallow and Oat Straw with dissolved macro and trace minerals.

Product Information:

Pulmazone is a special formulation of herbs and minerals combined in such a way as to nourish and strengthen the lungs and urinary tract functions. **Pulmazone** may provide relief and benefit for nearly any respiratory ailment.

It is well documented that *Aloe Vera* and *Marshmallow* are effective in their ability to remove mucous from the lungs and aid the body in releasing retained fluids. Both are praised for their ability to relieve indigestion and to remediate kidney and bladder troubles.

Dandelion and *Cedar Berries* are acclaimed for their effectiveness as blood cleansers. They are also known for their ability to promote a healthy circulatory system and act as a lymphatic cleanser and urinary antiseptic.

Oat Straw is known to be an antidepressant and a nerve tonic. Because it contains high amounts of vegetal silica, it helps the body to manufacture and assimilate calcium.

Product Testaments:

"I had been suffering from allergies for about 12 years and each year my symptoms were getting worse to the point that when a friend kept insisting I meet Zona and *Gifts of Nature*; I had severe allergy induced asthma and so much congestion that the minute I would go horizontal I could not breath and therefore could not sleep except in spurts. After an especially rough week I agreed to meet Zona. Due to other obligations, I arrived late to the meeting and had to leave early and consequently heard and knew nothing of the products. But Zona was speaking when I arrived and I received an overwhelming impression that this woman could help me before I ever reached my seat. I went to a meeting the next week and bought some product and although nothing happened quickly, it did begin to happen. It has been a year and a half and I suffer very little from allergy symptoms. The **Pulmazone** cleared my lungs completely of congestion and to breath so freely feels amazing." C.W.

Regenezone

Ingredients:

Cedar Berries, Dandelion, Marshmallow, Oregon Grape and Oat Straw with dissolved macro and trace minerals.

Product Information:

Regenezone is a unique combination of herbs and minerals prepared in such a way as to aid in cleansing the blood and lymphatic system.

Scientific research has indicated that *Cedar Berries* may have antiviral and antifungal properties that offer an antiseptic effect upon the kidneys and urinary tract. Research also indicates that they may stimulate the immune system while acting as a cleanser for the lymphatic system.

Dandelion is reported to be a cleanser for the bloodstream and liver. It may promote a healthy circulation, strengthen weak arteries, reduce cholesterol and improve the function of the kidneys.

Research indicates that *Marshmallow* acts as a diuretic, aiding the body to release retained fluids. *Marshmallow* may also offer relief from bladder infections and kidney disorders. It is also known to be beneficial in the treatment of lung ailments and assist in the removal of mucous from the lungs.

Research has demonstrated that *Oregon Grape* may help the liver to remove and release body toxins. It may also promote healthy skin, while fighting the effects of acne and psoriasis. It is also known to serve as an aid to the thyroid and as a tonic for all the glands of the body.

Oat Straw contains vegetal silica that provides calcium for the body while helping the body to convert nutrients into calcium the body can utilize.

Product Testament:

"I have been using **Regenezone** and **Goldenzone** for about a year. I have had fibroid cysts and calcium deposits on my back, thighs and both fore arms since I was 14 years old. These have been an embarrassing part of my life for so many years. Now I can wear a short sleeved shirt without people staring. These products have been reducing the cysts noticeably. First the cysts got soft, and now they are starting to disappear. My left arm has gone down about 75% and my right gone down 60%. My energy level has increased and my mind has also been positively affected.

Continued on next page...

Regenezone, Continued...

I can now think more clearly, my thoughts process is faster and I now remember things better and clearer. I believe in this product line with all my heart. It has done things for my health that no other product has done for me. Words can't explain how I feel about the integrity of this product line and the people involved as well. Because of these products my life has taken a change for the better and I could never repay or thank Zona and *Gifts of Nature* enough for this." Jesse

Silverzone

Ingredients:

Silver electronically suspended with dissolved macro and trace minerals.

Product Information:

As early as the 1800's, scientists discovered that the body's most important fluids are colloidal in nature. This brought about much research and development of colloidal products for a variety of health related uses. Prior to 1938 *Colloidal Silver* was considered to be one of the mainstays in antibiotic treatment. Even though colloidal products were used very effectively in the treatment of infections and other maladies, such products were more expensive than the emerging wonder drugs, so they were abandoned. Today, new technology has provided ways to make these colloidal products less expensive.

Anti-biotic resistant germs account for a growing number of serious infections that have fewer and fewer known cures. Colloidal products are once again finding wide acceptance in the treatment of these and other ailments. Since germs cannot build a resistance to *Silver*, as they do to antibiotics, it becomes a safe infection fighter for people of all ages, without the side effects of prescription antibiotics.

Gifts of Nature minerals are dissolved organic minerals rather than colloidal. In adding silver to the minerals solution, an electrolysis process is applied. When made this way, **Silverzone** becomes a very effective infection fighter that functions without affecting friendly intestinal bacteria.

Product testament:

"I have been a user of *Gifts of Nature* products for several years and have been very grateful for them. I started with the **Silverzone**. I had used other companies silver products before and found *Gifts of Nature's Silverzone* far superior in performance. I begin using it for a sinus problem. That cleared up, then I tried it for earaches, eye infections, sores, and sore throats and in each case all my ailments quickly disappeared. I was really impressed when I came down with the flu accompanied with loss of my voice. I flooded my system with **Silverzone** and recovered very swiftly.

Silverzone Continued...

Our son David was diagnosed with severe mono. He was sleeping almost around the clock. His illness had become so acute that we had taken him out of school and had a tutor come at 4 p.m. daily. Increasingly, he was having trouble getting up even to meet with his tutor at 4 p.m. We were very worried! He had been prescribed antibiotics, but nothing helped much. One day I was not able to rouse him and I called the doctor who said to bring him in immediately. I was told he was worse. At that time a dear friend told me about *Gifts of Nature* and I attended a meeting. I came home with **Vitazone** and **Silverzone**. In three days, after starting him on these products, he was not only awake but also back in school full time. His work and physical health rallied immediately. His face cleared up also, as he had long suffered with the regular "teenage skin" and he has not taken ill since that time. We cannot believe the difference. As long as he uses the products faithfully, he had not had the problems reoccur. We are absolutely sold on these products!" K.G.

Slenderzone

Ingredients:

Chickweed, Dandelion, Kelp, Juniper Berries, Rhubarb, Fenugreek, and Oat Straw with dissolved macro and trace minerals.

Product Information:

Slenderzone is designed to help with weight loss in a way that is healthy and kind to the body. *Slenderzone* may help suppress the appetite and increase the body's ability to burn fat in a natural way for the body. It also provides good nutrition.

Chickweed is acclaimed as a fat burner that increases blood circulation, reduces cholesterol, relieves mucus build up and promotes weight loss.

Research demonstrates that *Dandelion* cleanses the blood and liver, while increasing the production of bile. It promotes a healthy circulation, strengthens weak arteries, reduces cholesterol and improves the function of the kidneys, spleen, and stomach.

Rhubarb is known to fight infection, help gallbladder functions, and promote the healing of disorders of the colon, spleen, and liver.

Oat Straw is reported to contain vegetal silica an excellent source of calcium for the body. In addition, *Oat Straw* aids the body in the conversion of nutrients into calcium that the body can utilize.

Kelp is known to be a good source of calcium, potassium, iodine and other essential minerals and vitamins. It may improve thyroid functions, thus indirectly helping control weight.

Fenugreek is useful in dissolving fat within the liver.

Juniper Berries may be an effective diuretic. In addition *Juniper Berries* may be helpful in the treatment of maladies of the bladder, kidneys and digestive system.

Product Testament:

"I lost 20 pounds in only 2 months with the *Slenderzone* and not a pound has returned in 4 months, even during a cruise, a surgery, and the Christmas holidays." C.W.

Super Aloe

Ingredients:

Aloe Vera, Calendula Flower, Catnip and Peppermint with dissolved macro and trace minerals.

Product Information:

Volumes have been written praising the many nutritional values of *Aloe Vera*. It is claimed to be "the first aid plant" possessing known antibiotic properties. It is known to stimulate the normal growth of new cells. It may ease or stop pain while reducing the chance of infection. *Aloe Vera* may also provide relief for digestive disorders.

Calendula Flower is well known for its ability to help the digestive system change the protein particles in the blood into fine amino acids so the body can utilize them better.

Research demonstrates that *Catnip* is an effective treatment for dispelling gas and in remediating acid indigestion. It has also been known to lower fever, relieve stress, and lower anxiety.

Peppermint is a documented digestive aid. It has demonstrated usefulness in the treatment of colic, flatulence, diarrhea, nausea, and promoting the movement of oxygen to the brain.

Product Testaments:

"I wanted to let you know how my daughter is doing since I spoke with *Gifts of Nature* five months ago. When my daughter was three months old, we were told that she had asthma and the doctors prescribed steroids for therapy. A friend of mine suggested that I speak with *Gifts of Nature* about the mineral products you carry. Zona suggested that I use **Super Aloe** and **Kalmin** for the breathing problem, and within two days our baby was breathing normally. We have been using the products for five months and it is splendid! If I miss a dose she shows signs of breathing difficulty, but with using the products we have a healthy, comfortable baby, and we as parents have peace of mind." Diana

"Recently I was suffering every day from heart burn. Everything I ate and drank caused exceedingly painful heartburn. I chewed tablets and drank some terrible tasting drinks. Nothing, and I mean NOTHING worked. I then remembered that we had a bottle of **Super Aloe** and that I had not tried it. Within one full day my heartburn was gone and has not returned. **Super Aloe** does a GREAT JOB!! Try it!" M.A.

Tierra Treasure

Ingredients:

Dandelion, Fenugreek, Marshmallow, Organ Grape, Peach Leaves, Rhubarb and Oat Straw with dissolved macro and trace minerals.

Product Information:

Tierra Treasure is a highly concentrated liquid product, designed to build the immune system and to nourish and strengthen every organ and gland of the body. Because it is so highly concentrated it is not recommended for children under 12 years old, or for people who are highly toxic.

Scientific research has found that *Dandelion* contains many vitamins, especially the B vitamins. It is known to be a very good blood cleanser, having positive supportive effects upon the liver, spleen and kidneys. It is also suggested that it may strengthen weak arteries while reducing cholesterol and uric acid.

Fenugreek has the ability to dissolve hardened mucus and helps the body to expel it through the lymphatic system. It is also recognized as an aid in the reduction of cholesterol.

Marshmallow is known as an effective diuretic, aiding the kidneys to function better, while helping the body to release retained fluids.

Oregon Grape is reported to be a blood cleanser that also stimulates the liver and thyroid. It is also known as a health promoting tonic for all the glands of the body.

Research suggests that *Peach Leaves* may help the body to expel parasites.

Research has demonstrated that *Rhubarb* may fight infection, may enhance gallbladder function, and may promote the healing of duodenal ulcers. It is also known to have a positive effect upon disorders of the colon, spleen and liver.

Oat Straw is reported to contain vegetal silica, an excellent source of calcium for the body. In addition, *Oat Straw* aids the body in the conversion of nutrients into calcium that the body can utilize.

Product Testaments:

"I am so happy with the results I've experienced from **Tierra Treasure**. The only time I take anything else is when I have a cold and sore throat are trying to get hold. Then I add **Silverzone** and **Immuzone**. The cold and sore throat do not have a chance. **Tierra Treasure** is absolutely incredible! I have taken it in the place of the already great *Gifts of Nature* products, of which I was taking many. **Tierra Treasure** is unbelievably capable of filling all these needs." J.F.

Continued on next page...

Tierra Treasure continued...

"I had a large wart on my neck that had split and had crusty. It began to really irritate me, and I began really rubbing and scratching it. My wife suggested I use *Tierra Treasure* on it to see if it would take it off. So I did. I put it on each morning and night and within one week the wart fell off and is completely gone. I figured anything strong enough to help the outside of my body like that could surely help the inside. Now, I'm taking ¼ teaspoon every morning and night. I have gone off all my other supplements... which was hands-full. The cost is much less and I'm feeling just great! I recommend *Tierra Treasure*. Give it a good try!"
J.C.

Vitazone

Ingredients:

Alfalfa, Blessed Thistle, Marshmallow and Red Clover with dissolved macro and trace minerals.

Product Information:

Vitazone is an antioxidant especially designed to nourish and maintain a strong healthy immune system. **Vitazone** is an all around nutritional supplement for people of all ages. It is safe for small children as well as adults.

Scientific research has documented that *Alfalfa* contains every know vitamin. It alkalizes and detoxifies the body, lowers cholesterol, balances the hormones, and promotes pituitary gland functions.

Research has demonstrated that *Red Clover* may act as an antibiotic, an appetite suppressant, a blood purifier, and a relaxant. It is high in B vitamins and calcium.

Blessed Thistle is said to purify the blood, improve circulation, and strengthen the heart and liver.

Marshmallow is known to act as a diuretic, strengthen the kidneys, promote healthy intestinal functions, and help dissipate mucus from the lungs, giving relief from asthma and sinus congestion.

Product Testaments:

"Thanks to the use of the product **Vitazone**, my kidneys function properly for the first time in many years. My water retention is gone and so is the diuretic medication. The kidneys, at last, are processing food normally. I used to daily vibrate my lymph system to ease the pain and drain poisons. Not any more. The pain is gone, the swelling is gone, and so are the kidney stones I passed without needing to go to the hospital. The results of taking **Vitazone** have been amazing to me." F.P.

"I had been suffering from Chronic Fatigue Syndrome for two years. My symptoms range from severs headaches and complete lack of energy, to fevers and an overall feeling of physical decline. I started taking **Vitazone** about two months ago and have noticed an immediate and amazing restoration of my health. There is something absolutely remarkable about this product that has brought about a complete change in my life and has helped in my recovery from this very stubborn and debilitating condition. No other product or products have given me the help that **Vitazone** has. I would full heartedly endorse and encourage others who have suffered with Chronic Fatigue Syndrome to try **Vitazone**. C.S.
